### **Match Control**

This presentation will describe techniques in which referees can obtain, maintain, and regain match control. Players and coaches approach each match with a "game plan" which outlines how they are going to play. Not only must match officials be aware of these tactics, but they should also have their own plans to manage a match from start to finish.

The session is directed at all referees from the recreational level through to District League and beyond! We strongly encourage all TSA based referees to attend as this will show commitment to self-improvement- an important element of refereeing in our District. Match officials who attend education sessions will be given priority when it comes to game assignments!!

Attendance is FREE- ALL referees are welcome and encouraged to attend. Please come dressed to participate. (T-shirt, track pants, trainers, whistle).

No need to sign up, just show up and sign in with us at the event!
