POWER FC HISTORY

Power Soccer was formed in 1996 with the goal to create a soccer coaching recourse for the burgeoning population of Canadian players. In 2005 the Power FC Academy Program was developed and since then has grown to become of the most respected soccer academies in Canada. The growth of Power Soccer/Power FC in Toronto is a direct result of the exceptional coaching staff who conduct dynamic and enjoyable training programs that are completely focused on player development to test and develop player's skills in a competitive environment. Our goal is to reveal individual potential and maximize opportunities based on personal strengths. In 2021 our grassroots teams will compete in the TSA (Toronto Soccer Association) and in a regular year our teams would also be involved in cross-border play in US Festivals and tournaments plus Power FC makes regular overseas tours.
